

Electra Glide/Ultra/Road Glide
1997 – 2007
Ultimate seats Installation – 2 pc seat

Install kit = two grooved chrome dome nuts
One chrome dash extension panel

Removal of Stock Seat

1. Remove saddlebags.
2. Remove the two saddlebag mount brackets (one each side) holding the seat strap.
3. Remove the strap and store it then replace the two saddlebag mounts in their original position.
4. Remove the rear fender bolt from seat.
5. Slide seat back and up to remove.

Install your new seats.

1. Install the supplied chrome dash extension panel.
1. Remove the two nuts from the rear fender bolts, leave the two white plastic washers in place.
2. Install your Ultimate front seat now, make sure you have the front locating bracket on the seat located properly in the bike frame and line up the two exposed threads in the fender with the rear bracket on the seat.
3. Install the two supplied chrome dome nuts to secure the seat, lightly tighten with a wrench but do not over tighten.
4. Now install your Ultimate passenger seat by sliding the bracket on the front of the seat into the grooves in the chrome locking nuts.
5. Install the original bolt into the rear passenger seat bracket and fasten correctly.
6. Reinstall your saddlebags.

Enjoy the ride again on your Ultimate seats.
